# MESSAGE FROM THE TEAM

The year 2025 was truly a year of divine partnership and growth for Love Vision Foundation. We are deeply grateful to God for choosing us as His vessel to bring light, restore sight, and renew hope in the lives of many. Through His grace we made remarkable progress in advancing our mission to combat preventable blindness and support those in need of eye care.

---

This year, we witnessed the power of collaboration with local communities as we reached more people than ever before.

From successful surgical outreaches to measurable impact, every milestone reflected God's faithfulness and the compassion that continues to drive our vision.

As we look back, we celebrate not only the numbers but the stories of transformation, the smiles restored, the families reunited through sight, and the hope rekindled in hearts once dimmed by darkness. Indeed, 2025 was a testimony that when we see through the eyes of love, lives are changed forever.

# JULY - DECEMBER 2025

41

Individuals  
supported with  
surgeries and vision  
care

35

Cataract  
surgeries

6

Glaucoma  
surgeries

- **were performed in Eye Foundation Hospital - Ogun State (Abeokuta & Ijebu Ode) and Lagos State (Ikeja)**
- **Patients age range 12- 91 years**
- **The majority of patients reported improved vision after the surgery.**

3000  
US Dollars

*The total amount allocated toward surgical procedures and post-operative appointments made it possible to provide comprehensive care and consistent follow-up for every patient.*

We advance our mission by partnering with local communities and relying on the steadfast commitment of our volunteer network.

FOUNDATION

# 2026

## Looking Ahead

---

By God's grace, in 2026 we will be expanding our outreach to touch even more lives. We are trusting Him for greater partnerships, increased capacity, and open doors to reach underserved communities with quality eye care and the message of hope. Together, we will continue to shine His light and bring vision—both physical and spiritual—to those in need

- **Extend impact to all 6 geo-political zones in Nigeria**
- **Extend impact to 2 West African countries**
- **Support over 150 individuals to restore sight and hope**
